

60 Day

New Testament Challenge

Leaders

Thank you for agreeing to lead a Small Group as we head through the New Testament. Each week will have a study guide as well as a video that will set your group up for the upcoming reading. This is what the format should look like each week:

- Allow group members to share their experience from the reading last week.
- Go over the questions from last week's reading.
- Watch the video.
- Go over the study guide together.
- Discuss questions from the video.
- Ask what everyone is hoping to get out of the reading in the upcoming week.
- End each meeting with a word of pray.

Challenge your group each week to look for the things that Pastor discussed in the video. Our prayer is that everyone will see the New Testament in a new light, gain a greater knowledge and that it will create a culture in their home of spending more time diving into the Word of God.
